Investigation of Gill Continued By Grand Jury

The Contra Costa County Grand Jury will continue its investigation into the activities of Gerould L. Gill, fire chief and commissioner of the East Contra Costa Fire Protection District, according to Edward Valentino, foreman.

The grand jury met Wednesday in Martinez to consider additional information on the Gill affair, Valentino said.

"WE WILL NEED some further information before we can make our recommendations on the case," Valentino added.

Santa Maria Rummage Sale Has Colorful Background

When you witness the tremendous amount of worthwhile discards that have been selling at the Santa Maria's daily preview-sales the past month, it is interesting to trace back to the beginning of this fund-raising project.

By 1945 Orinda had grown to a large community that now included some 600 Catholic families. The Archbishop officially made Santa Maria a parish, but as time and progress wore on, the beloved little church proved inadequate to meet the volume of its new growing parish.

In 1954 the new church on Santa Maria Way was built by Rev. David Harrington. The needs of the parish, with still increasing growth, continue. Funds raised from the festival, the barbecue, the rummage sales and cake sales are used for church expansion as well as the planned parochial school.

From a handful of helpers at the first rummage, the annual sale has become a big attraction. Some of the donated goods never do leave Orinda. It's a community joke, in a way, that the same rummage keeps coming back year after year after year but there's always a new buyer for it.

The first little church, a pristine pretty peaked white building, has since been torn down.

But there are many here whose happiest memories go back to the time when it stood small but stately just the first block inside Miner Road.

Through the courtesy of Joe Navone's trucks, the rummage will be transferred tomorrow into St. George's Hall on Grove Street in Oakland for a two-day sale Monday and Tuesday, March 9 and 10.

If you've missed the bargains, there's still good pickings.

The men were golfing in their knickerbockers in those days and the Orinda Club was a still shining in its newness.

The first rummage sale brought bargains for everyone, for the children, and the women enjoyed this first of many rummage sales to follow.

The same Louise Malone who has been assistant at the Santa Maria parish hall this year, was back then, sorting and selling just as she is today. Lucie Ward, daughter of the deLaveaga, De-light deLaveaga and Mrs. Joe Miller comprised the first small staff of salesladies.

WITH FUNDS raised from the first sale, the seven Catholic families in Orinda had enough to buy new carpeting, replacing the threadbare rug of the little building, Santa Maria Church, then known as a mission.

Moraga Fire Protection Inadequate, Report Says

By JACK SEYMOUR

"Fire protection services in the East Contra Costa District are inadequate, to say the least, and some conditions are appalling."

This was the conclusion reached by county officials as they conducted a continuing study of fire protection districts. Consequently County Supervisor Mel F. Neilsen has announced he will seek to have the Moraga area of the district annexed to the Orinda district.

ONE OFFICIAL, who declined to be named, said the current study revealed "shocking" situations. Some of these are:

- The Moraga fire department is not equipped to cope with a fire "of any consequence."
- While volunteer firemen are sincere, dedicated men "their days are past" and they must be replaced by trained, professional firefighters.
- The Moraga firehouse is a "dilapidated" former barn which is so cold that if a volunteer were on duty he would have to go home to sleep at night.
- While the Rheem firehouse is a new structure, it is manned by one volunteer who is a dedicated person. But this is "inadequate for modern-day firefighting."

REACHED BY telephone yesterday, Supervisor Neilsen told The Sun he was "not surprised" at the preliminary conclusions of the continuing report.

"I have said all along that I believe the people in my district are not getting the kind of fire protection they need from the East Contra Costa district," he said.

NEILSEN said he met with volunteer fire fighters recently at the Moraga Lions Club and had a "toe-to-toe battle" with them.

"When you are charged with protecting homes valued at from 25 to 30 thousand dollars or more," Neilsen said, "you simply must have professional fire fighters."

"VOLUNTEERS can work with regular firemen, of course," he added. "And their services are greatly appreciated."

The supervisor pointed out that if Moraga joined the Orinda district there would be an increase in the Moraga tax rate.

The continuing study, another official said, indicates that the Moraga tax rate would go up to 90 cents or \$1 per \$100 valuation. The rate is now 70 cents per \$100.

Neilsen said that although the Moraga tax rate would go up, insurance rates would go down because of increased and more efficient fire protection services.

"AND WHO can count in terms of dollars and cents—the loss of a home or lives in a disastrous fire?" he asked.

"After all," he added, "the best protection against loss of property and lives is a modern fire fighting organization."

300 Young Tennis Players Expected at Orinda Event

Entry blanks are beginning to pour in to the Orinda Country Club for the 5th Annual Northern California Jaycee Championship and 2nd Annual Orinda Junior Tennis Tournament, March 21-25.

KEVIN MERRICK, tennis professional and tournament director, says this is one tournament that no youngster between 11 and 18 will want to miss.

"Last year, this event drew 263 juniors in its inaugural fun. This time it figures to draw 300 plus. The reason is, last year Orinda's tourney and the Jaycee tourney were held at the same time in different cities. This year they have merged, to bring to this area California's largest tournament," he said.

Much has been planned for the players besides the competitive end of the tournament.

Mrs. Beatrice Martin and Tom Morrison of the Jaycees are in charge of these non-competitive activities. They will include a supper-dance at the club on Saturday, a Davis Cup movie, Sunday, and free passes to the Rheem and Orinda theatres Monday and Tuesday.

GIVING the tournament a country flavor, is the fact that 12 of the courses to be used have been donated by local private court owners.

It was due to their generosity that this tournament was such a success last year.

Some of the top players in the Northern California junior tennis world have already turned in their entries, including Reed Witt, Dick Stark, June Hunt, Judy Hopkins and Gary Doon.

MERRICK is hoping the novice and intermediate players will turn out strong for this classic, since many of our local players who were ranking in Northern California, this year, got their start in last year's Orinda Tournament.

Marchus Charged Of Political Reprisal by Aide

Amid charges of "political reprisal," Dr. Floyd Marchus, county superintendent of schools, notified seven members of the Contra Costa County Superintendent's office that their contracts would not be renewed in June.

Dr. Harold W. Kaar, until recently one of three assistant superintendents of schools, and a 32-year employee of the office, lashed out a Marchus stating his contract would not be renewed because of his political activities.

KAAR RAN AGAINST Marchus in the June primary for superintendent of schools and later gave his support to William Harris, Marchus' opponent in the November general elections.

Others who will not be rehired are:

Mrs. Alice Duvall of Martinez, a consultant for three years; Harlan W. Lewis of Pleasant Hill, guidance consultant and coordinator of special education with 23 years service; Miss Louise McKee of Berkeley, 10 years; Miss Nellie Merrick of Pleasant Hill, eight years; William C. Wilson of Concord, three years; Edward G. Clemmer, Oakland, two years.

Dr. Marchus said the notices were sent out as part of a staff reorganization program which started with appointment of Harold DeFraga as his "only" assistant.

DeFRAGA, one of three assistant superintendents, has been given supervision over the other two, Dr. Kaar and Mrs. Evelyn Jessi of Concord.

Dr. Marchus has called for an outside professional committee to schedule examinations for two permanent positions, director of educational services and director of administrative services.

Dr. Kaar said he has applied for either of the posts and said "I have done this to substantiate the fact that failure to appoint me to either of these positions is clearly political and not educational or professional."

DR. MARCHUS called the action part of a program to reduce the size of the professional staff from 28 to 25, and possibly to 21, and said reductions are being made as the type of services offered to school districts no longer are required. He said seniority is being observed.

Of the 38 posts, all but 10 are filled by persons without civil service or tenure status, and are "professional staff" persons paid from state funds and offering special supervisory service to the county office.

Of the three presently classified as "assistant superintendents," only DeFraga has civil service status.

The Contra Costa County Grand Jury has suggested that legislation be introduced on the state level making the Superintendent of Schools position appointive rather than elective to halt "politics from interfering with education."

New Parking Lot Sought By Chamber

The Orinda Chamber of Commerce is conducting negotiations with several agencies to procure quit-claim deeds and create a 300-car off-street parking lot on the abandoned portion of Orinda Way, for commuters.

John Ogden, Chamber president and chairman of the Orinda Parking Authority, said that the new lot would take the commuter cars off many of the other streets also used by shoppers.

It is possible that the Chamber may also be able to persuade Greyhound Company to make the lot, located north of the Crossroads interchange adjoining the Shell station, a commuter stop for buses.

The closed-off portion of the old county road will revert in part to the East Bay Municipal Utility District, the state and county. Talks are being conducted with all three agencies.

The Shell company has offered to pave portions of the lot, if it is created.

In other business discussion during a recent meeting, Postmaster Laura Mallory asked the chamber to appoint a committee to explore possible new sites for the Orinda Post Office.

The lease on the present quarters expires in about 15 months. Irving Lieber will form the site study committee.

\$400,000 Inland Valley School Bids Are Sought

Advertisements for bids for construction of the new \$400,000 Inland Valley elementary school will be published March 13 and 20. Bids will be opened April 6.

This was decided at the regular Orinda School District trustees meeting held this week in Pine Grove School.

THE NEW school will have 14 classrooms. Designs by the architectural firm of Anderson, Simonds, Duesel and Campini of Oakland call for the addition later of a multi-purpose room. This is a combination gymnasium, cafeteria, meeting room.

THE SCHOOL will house grades one through six, plus two kindergarten classes and an administration suite.

The \$400,000 figure is the approximate maximum amount set by the state for funds available for the construction. Of course the lowest bid will get the job, subject to usual conditions.

Superintendent J. L. Sheaff was authorized to confer with the architects on preliminary drawings for a proposed seventh and eighth grade addition which will eventually be built at Inland Valley.

The board also authorized work to begin on Glorietta School additions — three classrooms, library and kindergarten.

WILSON and Company were told to do a survey of the Wagner Ranch site in the Bear Creek area where a new school will be constructed in the future.

William Koch, fire marshal, appeared before the board to recommend the installation of a

Suburbia Scribblings

By MARIE MONAHAN

With a Little Bit of Laugh

VISITORS to the James Hupp's house are a bit taken aback w/the old adage chalked across the kitchen blackboard, like so— "He Who Laughs — Lasts". Everybody gets mixed up trying to remember how it really goes!

The Stu Hendersons (the Nut People, Almonds, you know!) spent George Washington's B'day chopping down their apple tree.

LITTLE BOY ON LENT: "My sister gave up carrots. I gave up smooth peanut butter, but NOT crunchy!"

You Think YOU'VE Got Problems? Before leaving for Sun Valley, Yvonne Meyer had to find homes for the new brood of baby rats born to the pets of her son Johnny . . . so, (oh sneaky way!) she disposed of them at John's B'day party where the eager boys formed a fast line at the phone for a final O.K. from mom. What the Meyers, Jay & Yvonne, DON'T know is the day after their departure, 20 more little rascals arrived. The cage is getting crowded. Help, is there a Pied Piper in the valley?

THE GAY CROWD at the Oakland Jr. League's Daze of Gold was full of local folk . . . The Jack McLarens in a group . . . The Dale McBaner w/the Jack Becketts, Fran in shocking pink & Sue in bashful blue, both enjoying the wit of Paul Speegle during the JMagnin style show.

In the line for the late show of the follies, Vive LaTheatre, Ann Cunningham w/her husband Pat, a tiny pearl crown topping her chignon . . . A New Look at the Old Barn

IT WAS LIKE Summer on the citronella circuit during the Preview of "The Rainmaker" at the Dramateur's new home, the Lafayette Town Hall . . . w/the nights so warm, the deeper they get into the Drama about the drought, darned if it doesn't seem realistic! And that's a backhanded kind of compliment, isn't it?

THE PLAY's the thing & the New Look at the "barn" is a little bit of everything, the delightful doings of energetic members — like the Stan Stillsons, parents of five, who somehow managed to paint & paper, plaster & such & rated an extra loud round of applause when pres. Paul Pollaczek introduced them to the charmed audience.

OTHERS RATED Kudos too . . . Like Jim Harris, veteran Dramateur, who plays the pater in the family & is responsible for the elegant swagged gold & green drapes at the windows & doors in the foyer. He's got a knack, too, we hear, for doing elaborate costumeing, none of which was necessary for this bucolic bit from Broadway.

Acalanes students Larry Landis & Steve Schwartz of Laf. were called up for bows for their stage work . . . Ditto Builder Bob Hanford & Pine Grove teacher Gary Lawrence, who was head of props. Eleanor Silverman introducing friend Pearl Bloom who does her acting stunts w/Lafayette's Center Players.

POST-PLAY refreshments of coffee & cakes were dispensed in the "Green Room", a room not green at all, but called so in theatrical circles, the place where the players put their feet up, to chat or rest & meet their public. Which is what they DID. Wirtabel Harris making introductions down the Receiving Line . . . Congrats to Phil Stearns of Orinda who surely must have been a REAL Sheriff at one time in his interesting life.

Chores to be Talk Subject

"What to do in the Spring Garden," is topic of a talk to be given at the Orinda Garden Section of the American Association of University Women.

The event, scheduled for Wednesday, March 11, at 9:45 a.m., will be held at the home of Mrs. Percy Dawson, 50 Sleepy Hollow Lane.

SPEAKING will be William Saylor of the California Spray Association.

All association members are invited to attend and bring guests.

Reynolds, Ann Pollaczek among those keeping the sugar bowl full . . . Behind the bar, a rural mural, in part the work of Lafayette Barbara Frick, of horses, barns & western life, where the deer & the antelope play. One antelope plays no longer & his head is mounted on the wall nrby. A pitch fork & some real smelly hay complete the pastoral picture. This is supposed to be just a temporary set-up, but Heaven's to Betsy, don't change it! Everybody liked!

A surprise at evening's end for director Carl Rasmussen who was presented w/a fancy frosted Birthday cake & vocal natal day greetings from the Bruce Winkworths, Norma & Bee Betz, the Bob Sennings, Grace Duffy, the Jim Dennings, the Charles Gibbs and many, many more.

Yet these are routine for jet liners in the jet age — an era people at Standard's research laboratories have been working toward since the day seventeen years ago when we fueled the first U.S. jet flight.

Since then our scientists have worked with the armed forces to perfect fuels and special lubricants

Orinda School Parents Plan 'Barnyard Benefit'

The Orinda School Parents' Club will sponsor one benefit social event this year, Forest Petersen, president of the parents' organization for the community's oldest elementary school, announced today.

The group's big social event of the year will be called the "Barnyard Benefit" and will be held on Saturday, May 9, with Mrs. William Brock as general chairman.

IN THE PAST all Orinda schools have banded together to sponsor a very popular benefit dance each spring, and this year, since the schools' parents' clubs are separate, it seemed only fitting that our oldest school, Orinda, carry on the tradition, president Petersen said.

There will be one important departure from tradition, as well as many colorful added features, in the "Barnyard Benefit" dance, Petersen said.

Heretofore the spring dance has been held miles away at Mt. Diablo Country Club. This year

the "Barnyard Benefit" will be right here in our own backyard, according to the president.

PLANS FOR the springtime gala, to which all parents of children in any school in Orinda will be welcome, include jazz combos, special acts and prizes. The festivities will get under way both under the stars, in Phair's Orinda Store lot, and under the roof of Orinda Motors.

General chairman Mrs. Brock will be assisted by Mrs. William Gilmore and Mrs. Gordon French as ticket co-chairmen, and by Mrs. William Marshall as prizes chairman.

"Better reserve a sitter now for Saturday, May 9, as later sitters will be as scarce as hen's teeth when everybody—but everybody—turns out for the Barnyard Benefit for Orinda Schools," Mrs. Brock advised.

The 3620 Mt.

Rapid Transit Meeting Set For March 12 in Martinez

county Bay Area Rapid Transit District outside San Francisco has been scheduled for the County Administration building in Martinez March 12.

The meeting, set for 2 p.m. in the building's auditorium, will be preceded by a no-host luncheon at Paul's at noon, with members of the board of supervisors in attendance.

An invitation to the public to attend the 2 p.m. meeting was extended today by the county's three members on the Transit District board—H. L. Cummings, Marvin A. Joseph and Harry L. Morrison Jr.

Special invitations to public officials and civic leaders to attend the luncheon meeting have been

issued. Clair MacLeod of Oakland, chairman of the transit district, will preside over the business meeting and members of the district's staff, including General Manager John M. Peirce, Chief Engineer Keneth Hoover, Secretary Angus M. Cohan and Public Relations Director B. R. Stokes, will be present.

W. G. Buchanan, chairman of the county board as well as of the transit liaison committee, said it is a new policy of the transit district's board to hold at least one meeting a year in each of the five participating counties.

Peirce and Hoover will report on recent activities of the district's staff.

Have You Heard What's Happening In Suburbia Today? Well, Look Here!

Have you heard about Suburbia Today? Well, starting next month this exciting full-color rotogravure magazine will be added to the many other fine features in The Sun.

ONCE EACH month you will find Suburbia Today which includes colorful pages of wonderful recipes, articles of exciting people and other items which make Suburbia Today, America's greatest magazine in your copy of The Sun.

Suburbia Today is distinguished by its fine printing and appearance as well as its high level of

reader interest. Presented entirely in rotogravure, it is a product of the most modern high speed color presses and is able to offer every advantage of this fine printing technique.

Colorgravure will be carried in the editorial portion of the magazine as well as in the advertising pages.

There will be something in Suburbia Today for everyone in the family as it explores the timely, exciting fascinating things in suburban life—science, sports, medicine, religion, art, amusements, romance, homemaking, food, children, careers, business, industry, travel, fashions and a myriad of other subjects.

One of the most looked for features will be the colorful pages of unusual recipes appearing every month.

Each recipe is carefully tried and tested before it is published in Suburbia Today, in the kitchen of the famed Culinary Arts Institute.

Then a new step-by-step method of presenting the recipes makes them a real pleasure to follow.

We predict that many readers of The Sun will be saving the recipes from each issue and enjoying a great many wonderful experiences in cooking.

AS YOU BECOME acquainted with Suburbia Today, The Sun believes you will find an interesting and valuable extra dividend in reading pleasure with your favorite community newspaper.

Look for the first issue of Suburbia Today next month.

And by the way, if you are not yet a Sun subscriber, as 11,165 other Central Contra Costa families are, just call AT 4-4444, CL 4-4343 or YE 4-5000 and get in on the news, features and articles of timely interest which appear each Friday in The Sun.

Scout Confab Is March 14 At DV College

The annual Spring Training Conference, when Cubbers, Scouters, Explorer people, district and council committeemen get together to "get their batteries charged," will be held March 14.

Diablo Valley College, formerly East Contra Costa Junior College, is the location.

Courses to be offered include six subjects in the Cub Leaders' Pow Wow, and two certificates may be earned in this department which will apply toward the Scouter's Award or Scouter's Key as "additional training."

The six are "games," "handicraft," "Pack Administration," "Ceremonies, stunts and skits," "program planning," and "Den Meetings."

Each Cub Pack will have representation in each department of the Pow Wow, and then have an exchange of ideas at the next Pack leaders' meeting after the Pow Wow.

Albert J. Meade, leadership training chairman of Meridian district, is director of the Pow Wow events.

Scoutmasters, assistant scoutmasters, and troop committeemen will be interested in attending the "Showando," which is being put on under the direction of Norman Buell, council commissioner and a staff drawn largely from the commissioners of the council, plus outstanding wood-badged trained instructors.

Used Clothing Needed by Goodwill Group

A call to YE 5-1580 when you have usable, repairable clothing and household articles will provide job training and rehabilitation services to handicapped people at the Goodwill Industries.

Trucks pick up daily in Central Contra Costa County. Residents may also drop a post card to Trucking Department, 212 Ninth Street, Oakland.

Four hundred eighteen persons were served during 1958, said Mrs. Sally Rose, area representative. "We hope individuals and groups will plan to tour our plant and see the program in action this year or plan to see a film," she said.

Staff speakers may be arranged for by calling Mrs. Rose at MU 2-3530.

Juvenile Hall Will Benefit by Project

Thursday evening, March 12 at 8 p.m., is the next meeting date of the Diablo Valley Theta Alums. It will be held at the home of Mrs. John Marshall Evans.

The evening will be devoted to project work for the Contra Costa Juvenile Hall.

Girl Scouts Will Attend 1959 Roundup

"The Roundup!" Magic words for eight senior girl scouts of the Diablo Valley Girl Scout Council!

These scouts—Vicki Elmore of Orinda, Troop 402; Karen Fernsten of Orinda, Troop 61; Lynn Hendrix of Walnut Creek, Troop 9; Diane Kersten of Orinda, Troop 128; Cheri Livingston of Diablo, Troop 370; Lynn Loveland of Orinda, Troop 128; Roberta Peery of Lafayette, Troop 370 and Joyce Spiker of Pleasant Hill, Troop 9, have qualified to attend the 1959 Senior Girl Scout Roundup to be held July 3-12, just outside Colorado Springs.

Three other seniors, selected as alternates—Susanne Geandrot of Lafayette, Troop 128; Avril Hughes of Walnut Creek, Troop 370; and Sandra Jones of Orinda, Troop 128—will train with the "Roundup Patrol" so that they too, may "Be Prepared" in the event of an emergency.

This second Girl Scout Roundup will have as its theme "New Frontiers." The more than 8,000 Senior Girl Scouts and 1500 adults who will gather in Colorado to live together for nine days, in a great city of tents, will seek new frontiers of interest and understanding, of friendship, of living the Girl Scout code. They will come from every state in the union, from every United States territory and from many foreign countries, where members of the World Association of Girl Guides and Girl Scouts are found. This living together, "A mile high—a world wide" will be a never-to-be-forgotten experience for everyone.

The "Roundup" program will include individual as well as group activities. There will be tours to nearby places of interest, swaps, crafts, cooking, square dancing, campcraft activities, demonstrations and exhibits. There will be flag ceremonies, campfires, songs, stories and legends. There will be the thrill of speaking to a new found friend from a foreign land, in her own language.

Lynne Now is Mrs. Hegerle After Rites

All-white decorations at the Walnut Creek Presbyterian Church heralded the marriage February 21 of the former Lynne Wiggins and Peter J. Hegerle, both of Orinda.

Lynne is the daughter of Mr. and Mrs. Norris H. Wiggins of 7 Cascade Lane, Orinda. She was given in marriage by her father.

She wore a chapel length gown with scooped neckline, with lace and seed pearls. Her chapel length veil was held in place by a crown of small white flowers, and her bouquet had white butterfly orchids and stephanotis.

MAID OF HONOR was Miss James Summers of Orinda, and attendants were Misses JoAnn Bolander and Ann Moskowitz of Santa Rosa, Miss Gayle Booth of Sebastopol, and Miss Polly Covey of San Francisco.

James Wiggins, the bride's brother, was best man.

Ushers were Bradford Johanson, Louis Schrepel, Thomas Klement and Robert Kearn.

The reception was held at Orinda Country Club.

Lynne attended Acalanes High School and San Jose State College, where she was a member of Alpha Phi sorority.

PETER attended Acalanes High School and is a graduate of the University of California, where he was a Sigma Nu member.

'Rainmaker' Presented by Dramateurs

"The Rainmaker" opened last Friday night at Town Hall, Lafayette. It was presented by the Dramateurs.

A GALA opening crowd filled the theater for the opening and voiced admiration for both the performances and the refurbished Town Hall.

The company staged the production in a "three-quarter in the round" technique which was extremely effective.

Carl Rasmussen directed, assisted by Helen Blankenburg, Corrine Newman and Orellia Salonen.

FEATURED players are Louis Spruance as "the rainmaker," and June Griffin co-starred as Lizzie Curry.

Others prominent in the cast are James Harris, Rolfe Williams, Ray Howard, John Read and Philip Stearns.

Richard Robinson designed the set and John Wilhara is responsible for the effective lighting. Furniture and props were by Diane Davis and Judy Eckerman.

FIRST NIGHTERS were impressed with the progress made in renovating the Town Hall into a place of charm and beauty.

The lobby was redecorated under the direction of Mrs. Clarence Betz and other construction throughout the building was directed by Robert Hanford.

Reservations for the next week-end productions may be made through Mrs. James Stanislawski, Dramateur member, at Hinks Book Department, Berkeley, telephone TH 5-1100.

Supervisors to Distribute Annual Operation Report

"An annual report on the operations of Contra Costa County government during the fiscal year 1957-1958 was issued this week by the board of supervisors.

The 20-page illustrated booklet presents a review of 1957-58 county financial operations, shows the structure of county government, indicates current problems faced in the administration of county government, and describes two major county departments, the Public Works Department and the County Hospital.

The booklet is being widely distributed to schools, public libraries and civic groups within the county.

Copies are available without charge at county offices in Martinez, Richmond and Pittsburg, and at all county branch libraries.

W. G. Buchanan, chairman of the board, said today: "This report has been published because of the warm response given to the booklet, 'Local Government in Contra Costa County,' which was issued by the board last April.

"The booklet last year described county government operations, and its purpose was to stimulate citizen interest in local government.

"The booklet for this year is issued in the form of an annual report to the citizens, and it is the belief of the board that it will build wider public understanding of the operations of county government. It is proposed that a similar report be issued after the close of each fiscal year," he said.

Genista Sub Debs to Hold Fashion Show Tomorrow

mont's Gold Room. Fashions are to be coordinated by Mrs. Guy Street with commentary by Mrs. Augustus Guy.

'Brown Jug' Invitations Out for Femineers Event

Selecting Carroll Ranch as the place and Saturday evening, March 14, as the time, the Femineers have set the theme for their annual fun

party, a hillbilly dance, by their "Little Brown Jug" invitations. The Femineers is an organization for the wives of members of the Structural Engineers

of Northern California and the American Society of Civil Engineers, San Francisco Section. In keeping with the relaxed atmosphere for the event,

couples from throughout the Bay Area will attend in costumes harking back to the nostalgic days of "corn likker" and corncob pipes.

Decorations featuring a mountain cabin complete with out-buildings, pig pens, wash tubs, clotheslines and various other items will lend reality to the setting. Trading snuff for mountain harmony, the Engineers' quartet, the "Sly Drools," will entertain during the evening, while skits will be presented by Femineer "wimmin" and their "menfolk." Prizes will be awarded for the best costumes. Jack Reynolds' combo will fiddle toe-tappin' music for the dancers. Assisting Mrs. F. Robert

Youth Commits Suicide at Home; Leaves Message

A Pleasant Hill High School Freshman committed suicide last Friday morning, because he hated school, according to a report of the Contra Costa Sheriff's office.

George Meinsma, 14, 405 Beatrice Road, son of Mr. and Mrs. Jacob Meinsma, was found dead in his bed. Deputy Sheriff William Faulkner, stated that the youth had taken poison.

In a note, found by Faulkner in a wastepaper basket near the youth's bed, he had written that he hated school and "maybe this will prove it to you."

The bottle of poison was found near the youth.

He is survived, in addition to his parents by a brother, Robert, 9.

The family's doctor stated that the boy had been under his care and was well liked by family and friends. He was described as being "brilliant" and was making "A's" in Algebra and German. However, the doctor said, he was failing in English.

Divorcee Fighting For Custody

Mrs. Betty Jo Marshall, 33, of Walnut Creek, died in court last week that her relations with her former husband, Thomas G. Stone, were anything but those required by business relationships, in her law suit to obtain permanent custody of her two children, ages 9 and 7.

Mrs. Marshall was divorced 10 years ago from George A. Marshall Jr. of Novato, and the husband was awarded custody of the two children by the Marin County court.

Custody was transferred to Mrs. Marshall by the Contra Costa Superior Court a few months ago, but that order was later reversed by the State District Court of Appeal.

IN COURT last week, Mrs. Marshall was questioned by her former husband's attorney, and said that she had been employed by Stone as an official hostess, before the Stone real estate "empire" collapsed.

She admitted that she lived in a Nob Hill apartment while working for Stone, but added that at the most she received an allowance for rent, and was not supported by Stone.

She kept the apartment up for Stone and his business guests, and received about \$100 a week for her secretarial work, but denied any other relationship.

She also denied that she had ever used Stone's name as her own, in their travels, or in San Francisco.

THE TWO children are George M. Marshall III, 7, and Karen, 9. Stone was divorced by his wife, Janice, last year, and she received a \$250,000 property settlement.

Mrs. Marshall said she had no business or social contact with Stone since May, 1957.

Tudor Report Explained to Contractors

County Director of Public Works Victor Sauer and Assistant Director Raymond Brown discussed the Tudor Engineering Company Report at a meeting of the General Contractors Association last week.

The Tudor Engineering Report, prepared at a cost of \$160,000, was prepared disregarding political boundaries with the recognition of the ultimate potential development of the entire county as a basis.

Sauer stated that as traffic has no regard for political boundaries, the report had to be prepared in cooperation with various cities and county agencies dealing with planning traffic and subdivision development.

"The adoption of the Tudor Plan will give the county the shape and location of tomorrow's freeways, expressways and arterials," Sauer stated.

"Public understanding of the Tudor Plan is necessary if the public is to be able to realistically determine the utilization to be made of this outstanding study of the potential of the county in 1963 as well as 1980," Sauer continued.

The Tudor Plan was a cities, county and state cooperative project with the state paying one-third of the \$160,000 cost, the county paying one-third and the county paying the cities' one-third under the Aids-to-Cities program.

The meeting was presided over by George Concannon of Walnut Creek, president of the association.

Have Lunch; Will Travel Says Pilot

George Grosseohme, a pilot feared lost at sea, is safe and sound in Beirut, Lebanon.

First reports received here indicated that Grosseohme, president of Aero Enterprises, a Walnut Creek air ferry service, was lost somewhere between the Azores and Lisbon.

What happened was that Grosseohme, 670 Hawthorne Drive, and Tom Price, executive president of California Overseas Export Inc., took on nine hours of fuel in the Azores for the craft, packed a lunch and flew directly to Lebanon rather than stopping in Lisbon and Madrid as planned.

The pair left Tuesday to deliver the DC-3 aircraft fitted up as a paratroop carrier to the government of Thailand at Bangkok.

Price had sold two other planes to Thailand several months ago and has a fourth former C-47 (military designation for the DC-3) being converted as a passenger plane in Canada.

We're Not Provincial, Just Fighting Back...

Our Central Contra Costa area is probably getting quite a reputation among the big wheels in Alameda County and areas around the bay, because we seem to fight a lot of their brighter ideas—like the Alameda-Contra Costa Transit District, for instance.

Now we don't like to be provincial, but sometimes we just plain have to fight for our rights—or get stepped on.

And here we go again. A proposal has been made that a Golden Gate Authority be formed. This would be an agency which would consolidate Bay Area bridges, seaports and airports, using revenues from the Bay Bridge to finance these ventures.

It's amazing how many people live in this area who commute to San Francisco to their jobs.

TO THESE PEOPLE the transit problem is of primary importance. As a matter of fact, rapid transit is probably the number one concern throughout the Bay Area. It is certainly our most important problem.

We don't want to be provincial. The harbors and airports in San Francisco and Oakland serve us, and the regional problems are ours as well as theirs. Without cooperation the original low-level Broadway Tunnel would not have been built.

But on the other hand, we have to be a little selfish in our attitude toward rapid transit and the Golden Gate Authority. The Five County Bay Area Rapid Transit District wants to use part of the Bay Bridge revenues to construct an \$84 million tube under the Bay.

THIS WOULD BE the heart of an extensive rapid transit system which would be of infinite benefit to our area. We know where the funds are going to be spent if the five-county district continues with its plans.

But the Golden Gate Authority has suggested that only a portion of the cost of the tube could be paid for from the bridge revenues, with the remainder of the money being diverted to other projects.

Now, no matter how important these other projects may be—and nobody is denying that they are important—still, to us, rapid transit has to come first.

Therefore we must lend our support to the Five County Bay Area Rapid Transit District in its efforts to solve our problems and to secure the necessary portion of Bay Bridge tolls to finance its program.

Most of the people in our area are commuters. This is a generally recognized fact, but it is seldom talked about. What affects the commuting segment of our area, affects a major strata of our residential society.

Therefore, in the interests of the majority of our people, we must side with the Bay Area Rapid Transit Commission and its plans.

We are not opposed to the Golden Gate Authority. But we are opposed to any diversion of funds from the primary objective—the earliest possible achievement of rapid transit.

Do You Want a Job? Here's Opportunity!

It hardly seems possible, but election time is coming around again.

Don't panic! It's not the Republican-Democrat party election, but it may well be more important than a partisan contest.

Come May 19, and most of us will have the opportunity to choose among candidates for our local school board.

We hate to think of it happening, but it probably does. There are undoubtedly those among us who shrug their shoulders when the school board is mentioned and say, "So what!"

THIS IS A TOUGH job. Just ask any trustee of any school board, no matter whether his district is elementary, high school or unified. The problems are tremendous, the thanks practically nonexistent and the complaints numerous.

And it doesn't pay, either!

Our sympathies and admiration are with this hard working group, and our thanks should be with them too. As a group, school board trustees probably have the welfare of their community at heart more sincerely than any other body.

School boards, by and large, are truly democratic governmental units—and the effects of their actions on us can hardly be measured. Most of us are in contact with the schools every day, and all of us are paying the way.

SCHOOL BOARDS are closer to the people—that's all of us—than probably any other similar body. Most of us have children in school, or our neighbor's children are in school.

We are affected by buses, homework, taxes and notes from teacher. We belong to PTA's or parents' clubs. We visit on visiting and consulting days.

And this is a democratic process, this business of operating the schools. Every year or so you will find a vacancy coming up on the school board—either a trustee term expires or a board member leaves for one member or another.

This means the democratic process at its basic best. Out come the ballots and the general election.

THIS IS WHAT we will face May 19. So why not take a look at your school board. Assess the work of the trustees (you may find that they work harder than you would have believed!).

If you feel that you want to run for the board, it is a very simple matter. Simply register with the County Superintendent of Schools in Martinez. Deadline for filing is April 17 at 5 p.m.

There is no fee, and no red tape. Campaign expenses will be minimal, if they even exist.

But be warned. You will be getting in for a lot of work!

And if you do not choose to run, take a good look at the present members of your school board, and the candidates for the office.

Familiarize yourself with the records and ability of the candidates, and then go to the polls May 19 and vote for the best man or woman.

We'll see you there!

The Staff Corner A Disease to Avoid...

By NORMAN COLBY

Since a visit to a cemetery last weekend, I am less bothered by that inferior feeling I often get while recalling that I am not in that select group of people who call themselves Native Californians.

NEWCOMERS are often the ones who make the important history of a region, and who provide the traditions to which the future generations point with pride.

Newcomers often have a tough time of it—establishing their families and providing for that future generation of Native Californians, which may then choose to point with scorn or pity on the newcomers of their day.

But it's likely that none of us will have it as rough as did those Welsh newcomers of the 1800's, who settled in Nortonville and Sommersville, central Contra Costa.

Then came not from the Middle West, but from places like Cardiganshire, Wales, Monmouthshire, South Wales, and Llanelly, South Wales, England.

SOUTH WALES has been a mining region for centuries. Its people turned Nortonville and Sommersville into a mining center that lasted for decades—until the Cholera epidemic of the middle 1880's.

Life was not easy for the young men and young women, and their children. In fact the Nortonville cemeteries give one the feeling that he is in a nursery, with old stones for identification tags.

1870 was a bad year for Fred and Mar-

garet Howell. Their boy Thomas, 10, died on September 2. Their daughter Sarah, only 4, died about a month later, on October 9. They were buried under one stone.

It might have been the flu, to which miners, ill fed, breathing foul air underground, and their children were easy victims. It could have been any common illness, which is so easily licked today by modern medicine.

A lot of the graves have mother and father named, and buried with them their children, whose names the stone grinder sometimes didn't have time or room for.

There are Mr. and Mrs. Jenkins. Buried in one spot are their children—Ebenezer, born in 1866, died 1874—Thomas Joseph, born 1869, died 1870—Elizabeth Ann, born August, 1870, died September, same year—and finally another Thomas Joseph, born 1872, died 1877.

Those little Native Californians never had a chance, even before the Cholera, which a few years later wiped out both Nortonville and Sommersville.

My own little natives will have a darned good chance, however—they needn't fear diseases of the body.

And I'll try to teach them to avoid today's most dangerous disease, a mental affliction called "status-mindedness," which finds its easiest victim in the modern Native Californian.

Growing Pains...

©CONNECTICUT MUTUAL LIFE INSURANCE CO.

John Jones & Son, Inc.

Has John Jones really slaved all of his life so his son could take over? Perhaps Mrs. Jones could throw some light on this question.

Since he was a small boy, John Jones, Jr. has wanted to be a forest ranger. But his father has been so wrapped up in his own success that he has never asked his son what he wanted to do with his life.

The fact that John should be free to make his own choice of a career has never entered his father's mind.

We Like It Here... No Lion's Roar--Who Could Ask for More?

By MARIE MONAHAN

THE IDES of March, come fill the cup! Methinks the season's much mixed up... A summer night, a starry sky, a Sunkist slice of Moon on high. And MARCH behaving like JULY!

Swim suits, shorts... last season's, try it! Ooops, could be it's time to diet!

EASTER eggs & dye to buy... Lenten meals & Cheese on Rye. Crab Foudues & Cheese Souffles. No desserts for Forty Days.

Drifts of daffodils, pansy face. And tulips, crocuses in place. Lawns to mow & rows to hoe. Blast the aphids, garden foe!

Grassy hills, they're really weeds! Pull 'em now before they're seeds. Before they rise up ten feet tall & you never get them pulled at all.

MOTHS & MICE & frisky frogs, time for catching polliwogs... Time for picnics, Lemonading... Outdoor drinks & ants parading.

Barefoot Boy With Cheek so tan, Go fly your kite, my little man!

Baseball bats & baseball hats. Please wipe your feet upon the mats.

SUNDAY drivers, dented fenders, Friday shoppers, heavy spenders.

Easter Bonnets, sonnets sing. A brand new straw chapeau's the thing!

TILDEN PARK & people lolling, couples strolling, moppets rolling. Happy napping in the sun, A bag of popcorn, lots of fun! Music of the Merry-Go-Round where lions, tigers, beasts abound.

Magic World of Calliope... Don't forget a ride for me!

The twenty-first, First Day of Spring... Catch a robin on the wing. Wash the windows, open wide. Let some fresh new air inside. Time for spring cleaning, patch the screening. Paint & plaster, decorate? Or sit in sun & veggie...

No Lion this, no windy roar... A gentle lamb at March's door.

POEMS are writ by folks like me, but only Spring can bloom a tree!

Letters to The Editor

ABOUT FLUORIDATION

DEAR EDITOR:

There are usually members of any profession who will take a minority viewpoint, particularly as regards "moral issues." According to the American Dental Association fluoridation does not mean compulsion on the part of individuals any more than does the use of other community resources, including chlorinated water.

All that is suggested is to adjust the fluoride content already in most water supplies to 1 ppm fluoride.

Assistant Attorney General Dietz of the state of California cites numerous court decisions in stating... "Specifically, there is no legal compulsion. The objector may drink, or not drink, fluoridated water, as he wishes."

RICHARD W. LELAND

PROJETOR

DEAR EDITOR:

The members of the board of trustees and staff of the Walnut Creek School District wish me to express their sincere appreciation for your gift of a Vu-lyte II projector and projection table.

This is a valuable teaching and will be used extensively in all the schools of the district for instructional purposes.

It is also anticipated that it will be very helpful in presenting materials to adult groups interested in reviewing budgets, bond campaign materials, and similar matters.

ALEX D. LINDSAY

Chairman, Board of Trustees

(The projector was paid for with a portion of the money derived for each subscription to the Walnut Creek Sun during a recent subscription campaign. In past years The Sun has presented the district with playground equipment for the various schools. This year, the board felt that the projector would be of more use to the district. Ed. Note.)

TRANSIT

DEAR EDITOR:

This is to present further evidence that the board of directors of the Alameda-Contra Costa Transit District is not acting in the best interests of the people of Contra Costa County.

The board of directors of ACT has called two "Special" meetings to consider legislation to amend the Transit Law. At the first meeting on February 4, 1959, at least five minutes prior to the designated time of the meeting 8 p.m., the entrance to the building was locked. The undersigned failed to gain entry and gave up his attempts after about one hour. The director from Ward I was also locked out during this same period of time.

Perhaps due to my complaint to the above experience (which received no apologies for the 60 mile wasted trip), the board of directors scheduled another meeting—a special meeting to consider and act on amendments to the Transit District Law.

This meeting was scheduled for February 25, 1959 at 4:30 p.m. You will note the time has been very conveniently set so that even the public-spirited citizen finds it impossible to attend.

I believe the above actions provide additional support to my observations that the board of directors of the Alameda-Contra Costa Transit District holds a dogmatic attitude toward Contra Costa County transit needs which disregards the opinions and desires of the people of this county.

I am sending this letter to you hoping that the public will become more informed of what is transpiring in our efforts to rid Contra Costa County of what is truly "taxation without representation."

SECOND TUNNEL

DEAR EDITOR:

I have recently purchased some property in Sleepy Hollow, and as I am a resident of Oakland, I subscribed to The Sun to keep informed on happenings in the area which might affect the value of my property. It has proved to have been well worth the price of the subscription.

I was alarmed by your recent editorial calling to our attention the Broadway low-level tunnel situation.

I have lived near Lake Temescal for 21 years and have watched that interchange grow fantastically obsolete. I have thanked my lucky stars many times that I didn't have to drive through the tunnel east-bound at about 5:30 p.m.

Until I read your editorial, I was under the impression that a second bore parallel to the existing one was already scheduled for construction. Now that I'm a CCC tax-payer, I have more than a passing interest in the development of the traffic arteries in this area.

It seems to me that the improvement of roads such as this one is far more important than the building of a new pass over the Sierras, both from the standpoint of defense and traffic safety, not to mention the ease of the speed of commuting!

As cave-in, slide, and groundwater problems will be encountered aplenty in the construction, we can't get the ball rolling too soon.

I would like to see a petition campaign similar to that for narcotics legislation appear in The Sun, as few people will take the time to write to their representatives. Moreover, I think a petition has more impact.

I doubt that many would deny the need for this improvement, so let's see what good-old-fashioned pub-opinion can do!

RONALD N. BURNETT

HEART FUND

DEAR EDITOR:

The 1959 Heart Fund campaign was the most successful to date and will support the Heart Association's research, education and community service programs for the coming year.

We of the Contra Costa County Heart Association thank the residents of this area for helping us in this accomplishment. Their fine support is an expression of faith in the Heart Association's program.

This show of confidence is most heartwarming, for it is the best evidence that the people recognize the inroads research is making on the heart diseases and that, through medical science, heart disease will eventually be controlled.

We realize that a large part of the credit for instilling this spirit of hope and confidence in the public mind is due to the cooperation of the Sun and to the other media of communication in this area. Without your help in reporting how the Heart Fund is saving lives here and throughout the nation, our efforts would have been considerably less productive.

We sincerely appreciate your valuable assistance, and we hope that we shall continue to merit your confidence and cooperation in reporting about the nation's major health problem in the months to come.

WILLIAM C. MCINTOSH,
President.

SMOG

DEAR EDITOR:

Your "epic" in the issue under date of Feb. 13 prompts the writer to tell of a little experience I had in January, 1950, in so-called "SMOG-Town."

While chatting with an army engineer, connected with the construction of "Hoover Dam" at it was named then, the opinion was voiced by this engineer that "In about twenty years from now, people in this area will not like the climate or atmosphere."

"Nor will they be happy to live here, because the change will be quite obnoxious; it will not be as it is now. The creation of a large body of water, such as we envisage when the dam is completed, will attract moist clouds from the ocean, blanketing this entire area, in direct line from the Pacific ocean to the lake," he said.

"Humidity will increase and a blanket of moist water filled clouds will keep smoke, gases and fumes pocketed close to the ground, with resultant unpleasant conditions only relieved when the wind or air currents change, due to pressure variance," he said.

For your further consideration, the only times we have "smog" incidence in this area, is also when the similar conditions as above prevail.

We are in line with Lake Tahoe, but due to the prevailing currents coming from the north-west, not bothered as often, and only when the winds are south or southerly west.

This is called to your attention, that you may not succumb to the political ballyhoo of those wishing to set up another governing agency to restrict or direct our American way of life, a way, unfortunately vulnerable to gaseous voicings, far worse than the materials and manufacturers being maligned.

Let factual scientific procedures prevail, rather than emotional political excitement and most such problems will evaporate; believe me, if condensers were essential and when they are, man will have them.

Under The Sun How Many Books Have Your Children Read?

By HERMAN SILVERMAN

Do your children read books in their leisure time? (Now don't ask, "What leisure time?" I grant that some kids are kept too busy—and if so, it is usually our fault.)

Let's assume there is leisure time. Do your kids read books?

Or do they watch TV instead? Certainly TV is dramatic and intriguing. And lots of fun. But certainly TV can make Johnny a dull boy.

I am not anti-TV. TV has its place—but only within limits. I guess we all have rules for watching TV. I often find myself watching some silly TV epic—instead of reading a good novel, or the latest non-fiction, or new issue of Harper's or Time.

Practice what we preach.

Only recently have I realized that perhaps we adults are at fault if the kids aren't reading. Yes, I know—you can lead a horse to water—etc. However, if our children see us enjoying books, they will get the idea.

Proof: In the last few weeks Eleanor and I have been reading more—and our kids have been reading much more. El has plenty of books for them from the library.

At least, let's expose them to books.

(Hey, wait, reader, don't put down the column just cause Sergeant Bilko is coming on...)

A wonderful, good deed

And now to another subject: donating our eyes at death to provide the blind an opportunity to recover their vision. I didn't know much about the subject until the other night. Eleanor informed me she had signed a simple statement, in duplicate, giving her eyes to The Stanford Eye Bank. I have just finished reading a little pamphlet of explanation—and am going to send for the forms. For the pamphlet or forms, write: Stanford Eye Bank, 2018 Webster Street, San Francisco 15, Calif.

Permit me to quote one paragraph:

"The work of the Stanford Eye Bank must depend for its continued success upon the good will of the public. The corneas collected and preserved by the Eye Bank are distributed without cost to the patient or surgeon. Railroads, bus lines, air lines are co-operating unselfishly in the speedy distribution of eyes wherever they may be needed."

"But all the skill of the surgeon, all the organization and all the selfless co-operation is for naught without the one unpurchasable gift which only we can give—the gift of our eyes at death."

Spring is here!

Isn't the weather beautiful? The hills are green and the views are superb from atop the hills. If you want some real fun with the kids, pick out some gentle hills and climb. With a lunch, it is even more fun.

Mt. Diablo is always available. The Moraga area—back of St. Mary's college—is beautiful, but way south I tell you—look out your window and there are some hills to be seen.

We live in the most beautiful area in the world. Don't you agree?

Letters to The Editor

TAXES

DEAR EDITOR:

I note from your editorial of February 20 that you have an interest in cutting taxes.

It's pretty hard to do with a blossoming population. There is, however, a painless method to raise the money. If you feel as I do that a state lottery could help tremendously, I'll send you a little data that I have, worthy perhaps of polishing as subject matter for a few articles.

L. A. ZEIGLER.

DEAR EDITOR:

Twenty-one years ago I moved out to my present home-stand on Gentry Road to escape city noises, rules and petty regulations and to obtain peace and elbow room.

Now comes a Government Study Committee which proposes to have some neighbor-

hood "village" gobble up my peace and freedom via the annexation route.

No doubt there are many other old timers who have seen their taxes multiply to pay for all the necessities created by building a bedroom community on once peaceful cow pastures who, like me, also desire to be left in peace and excluded from any annexation or incorporation whatsoever.

Now is the time for these folks to speak up and not be blown into an unhappy living circumstances by the results of a straw vote.

ANDREW MacCONO.

CONGRATULATIONS

DEAR EDITOR:

Congratulations for being selected the best weekly newspaper in the State of California, an award I am sure you well deserve.

A. R. BATCHELDER.

High Sierra Photos are Subject of Joint Showing

The Sierra Club and the Valley Art Center jointly will sponsor a showing of the High Sierra photographs of Cedric Wright, internationally-known wilderness photographer, at the Orchard Nursery, Lafayette March 13-14.

The preview of the exhibit will be held March 13 from 7 to 10 p.m. The general public is invited March 14 from 9 a.m. to 5 p.m.

The presentation of nearly 100 photographs is expected to attract wide Bay Area attendance.

A LONG-TIME resident of Berkeley and Lafayette, Cedric Wright was born in Alameda and traveled the high country of the Sierra Nevada for over 50 years.

Through skillful camera work, he has articulated nature's values and the beauty and majesty of the mountains. A skilled violinist and penetrating philosopher, as well as photographer, he has captured in his photographs the values held in common by mountaineers and great music.

Visitors to the showing will enjoy a symphony of checkered sun-lights, lace patterns of pine needles on the snow, shimmers of wind over mountain lakes, sculptured mountains, the emotion of sunset and the fragrance of old wood—all the broad horizons of life that Wright has so keenly seen, felt and known.

For over 15 years one of the official photographers of the Sierra Club, as well as honorary member and contributor to the organization's bulletin, Cedric Wright has exhibited his work at the New York Museum of Mod-

ern Art, the Natural History Museum, Golden Gate Park, San Francisco, and at the 1958 Brussels Fair.

HE HAS held one-man shows at Stanford University Art Gallery and Princeton University.

His photographs were represented in an outstanding exhibit, The Family of Man, sponsored by the New York Museum of Modern Art, that toured the United States and Europe, later being recreated in book form.

During World War II, Mr. Wright was official photographer for the Radiation Laboratory, University of California at Berkeley.

A part of the Cedric Wright exhibit will be shown the following week, March 21-22, at the Sixth Biennial Wilderness Conference, Fairmont Hotel, San Francisco, according to A. Parker Stack, Valley Art Center vice president and Sierra Club member, who was instrumental in securing the exhibit for the Lafayette showing.

An illustrated catalogue of Cedric Wright's photographs will be available to visitors at the Orchard Nursery exhibit.

On The Lighter Side

Attention—you basketball lovers! Even if you're not — but have some husky men-folks to cater to — here's the perfect family project to make THEM happy. The "Stirling Invitational Basketball Tournament" is set for the evening of March 16, 17, 18 and 20 at Alhambra High School, Martinez. Competing will be teams from Pittsburg, Antioch, Concord, Richmond and way-points. Officials (all members of the Association) have been appointed, trophies (tremendous!) have been selected and there is no doubt that the games will excel in excitement.

Tickets are \$2 for the four evenings and may be obtained in advance or at the door. Fans — this is NOT a minor league endeavor but will be basketball at its very best with individual ability and team reputations laid right on the line. Make it a MUST, treat yourselves to a wonderful time — and help with a "treat" for a patient at the Mt. Diablo Therapy Center at the same time.

It's a pleasant way to go . . .

Dorothy and Frank Lord (SUCH a popular two-some) are moving to Seattle in March and are being feted with many parties in their honor. One — a complete surprise — was given by Bobbye and Bill McGuire in their Happy Valley home last week. Guests were asked to bring joke gifts which added to the evening's hilarity.

The McGuire's chose a wretched golf umbrella — blue, red and green — which, when opened, immediately inverted, for all the spokes were broken. What COULD be more appropriate for the Seattle climate? Attending were the Messrs. and Mmes. James Morris, Ferris Fain, William Phelan Jr., Edward Wanous, Fred Costell, Armand Werle, Robert Beconini, Johnson Clark, Lawrence Corbett, Don Edminster and Richard Crouse.

Such a fantastically narrow escape for Bob Jeans, teen-age son of Tina and Glenn Jeans! Returning from a game—the car he was driving skidded on wet pavement and overturned several times. Bob escaped with minor injuries but Tina's car was completely demolished and sold to the highest bidder for JUNK! After paying for garage storage—net sum left, \$1.50. Turning to Bob—she sighed—"we're lucky!"

The real bell of the ball . . .

Lovely, 13 year old Rachelle Goodman attended her very first dance the other night at Palmer School. She danced EVERY dance and was a picture in scarlet velvet—her long blonde tresses dancing too. Rachelle's grandparents are long-time Martinez-ites, Mary and Pete Amato—who own "Amato's" restaurant there—colorful and illustrious meeting place for frustrated politicians, tall-fish-tale-tellers, county department heads who love good food and hunters, of all sizes and descriptions.

Spotted Lucille Carmody lunching there the other day. She and her attorney husband, George are residing in Pittsburg now. "Ma Cille," as she is affectionately called, is among the charter members of Stirling Fashion show guests and always looks like a model—tres chic! She was telling of Supervisor "Bud" Buchanan, of Pittsburg, who related—"Zounds! Since the Pittsburg Therapy unit opened its Thrift Shop, my wife, Ruth, spends more time working than she spends at home!" Should have seen the look of pride, though.

Most all the members were there!

Most all of the members of Walnut Branch of Children's Hospital attended the annual luncheon-meeting at the Claremont. A record 1,000 or more were there to honor wonderful Mrs. William Oliver. Incredible! The total earnings of the 78 branches came to around \$400,000. Wonderful! That the Walnut Branch rated sixth in earnings.

Some of those there: the Mmes. John Griffith (Walnut chairman), J. Allan Madison, Robert Haumeder, D. Charles Williams, King Crosso, Harmon Howard and W. M. Imbrie.

As members of the San Francisco Navy League, Peg and Stan Majka joined 135 others as guests of the U. S. Navy for a cruise of the Bay. Aboard the U.S.S. Breckenridge the Majkas watched the ship's maneuvers from the bridge, lunched and disembarked after three and a half delightful hours.

We're just out of hearts and into shamrocks. It's almost time

Berlin Question to be Forum Speaker's Topic

Husbands and guests of members are invited to the annual evening program of the Diablo Tuesday Morning Forum when Dr. H. Frederick Peters, noted authority on German affairs, is presented on Tuesday night, March 10 at the Diablo Country Club.

Dr. Peters, who returned recently from a tour of Germany as guest of the Bonn government, was privileged by private conferences with West German leaders which qualify him for his timely topic, "Berlin, Political Barometer of the World."

German-born and a graduate of the University of Munich, Dr. Peters is on the faculty of Oregon's Reed College. He is the founder of the German Summer School of the Pacific, sponsored at Reed by all the universities and colleges in the Pacific Northwest.

Two significant honors have been bestowed upon Dr. Peters,

one a grant which took him to the Hebrew University in Jerusalem for a study of the Middle East and the other an offer from the Bonn government to visit German universities and colleges.

Mrs. John Blemer, forum coordinator, will be assisted in greeting the guests by Mrs. William Boyd and Mrs. Noble Dorris, with Mrs. Kendric Morish planning the decorations.

Members and guests will attend a 6 o'clock dinner and reservations may be made by calling the Diablo Country Club. A coffee hour from 7:30 to 8:15 will precede the program, with Mrs. George Towle and Mrs. William Dennault in charge. Mrs. Stanley Friden will open the program and will introduce Dr. Peters.

Tickets for the program, which include the coffee hour, may be obtained at the door on the evening of the program.

for the Tananger's annual "Shamrock Bridge Luncheon" which will be held in nine homes on March 19. Hear that the donations are pretty fabulous and the lunch will be too. At last I managed to track "busy Billie" Campbell down for a summary of her recent trip. She and Don went first, by rail, to New Orleans where they visited with Vera and Byron Whealen, formerly of Lafayette. From there they set sail on the cruise ship, "Stellapolaris," headed for Haiti.

Unfortunately, bad weather restricted deck activities and they felt pretty confined—but it was fun, anyway. After by-passing Havana (!!!) the ship stopped at a port every other day. From Haiti they went to the Dominican Republic and on to Caracas, Venezuela, where they spent one day and loved its beauty. Next stop—Curacao, which was very different—much like a little Dutch City.

In Van Cliburn's audience where the Robert Franklins and their son, Bob, and on this side of the bay Dolores and Fred Cochran joined with others in helping her parents, the A. E. Rogers, celebrate their 47th wedding anniversary by dining at the "Red Rooster." The "Hummingbird's" last meeting was held at the Therapy Center and was a most enjoyable one with Mrs. Juanita Benoy on hand to welcome the members.

After touring the Center one of the new gals commented—"what an inspiration that wonderful smile of hers must be to the patients." How RIGHT she was!

Have heard many compliments about the St. Mary's Church afternoon at Castlewood Country Club. Following luncheon, fashions were presented by Irene Sargent and Tots 'n' Teens. Some of the guests were Betty Conti, Nora Cook, Bea Olsen, Virginia Leidy, Alice Dandera, Margaret Sebell, Lou Witherwax, Florence Hawkins, Claire Lawson, Gwen Grace, Camille Simpson, Valerie Geduldig, Barbara Spitzack, Lucille Stull and Mary Ellen Fredenburg. A three way celebration took place at the Bob Cook home with Nora, her mother, Mrs. Roabert Finlay and Bob all having birthdays within a four day period.

In a week or so Ruth Sharpe will be leaving for San Diego to be with her husband, Commander Casey Sharpe, who is attached to the "USS Shangri-La."

And we're home from Riverside . . .

Marge and Ernie Starkman of Orinda are back from Riverside where Ernie attended a board meeting of the U. C. Board of Admissions and Relations on the Riverside Campus. They also visited in Los Angeles where they were guests at a dinner-dance at the Statler Hotel.

Emerald and Chuck Smith spent a week-end in San Jose as guests of the California State Employees Association during its convention. As Chuck is a past state president—it was a joyous reunion with friends from all over the state.

'Emerald Allure' to be Theme for Fashion Show

College of the Holy Names Alumnae met recently at the home of Mrs. Vernon Louis of Van Ripper Lane, Orinda, to discuss plans for their forthcoming luncheon-fashion show. Durocher Hall on the new college campus will provide an appropriate setting for the event which has been scheduled for March 14.

Mrs. Louis announces that the day's theme "Emerald Allure" will be dramatized by decorations and table favors obtained from Ireland especially for the event. This theme will be further enhanced by the surprise entertainment according to Mrs. Wencel E. Smith of Longview Terrace, Orinda. Modeling the latest of spring fashions from Jessica's of California will be Mrs. Robert Pohl of Alamo and Mesdames John

Dolim and Joseph Suta of Walnut Creek.

Many parties have already been planned for the day. Mrs. Thomas Moran of Van Ripper Lane, Orinda, will attend with many of her former classmates. From Orinda also will come Mrs. George Linehan of Estabueno Drive and Mrs. Michael Filice.

Reservations have been received from the Mesdames William Eames, James J. Walsh, Jr., John Rarig and Ralph Grady, all of Lafayette. Other parties include Mrs. Robert See and Mrs. Paul Osterman, Jr., of Walnut Creek and Mrs. Darrell J. Theobald of Pleasant Hill.

Proceeds from the event will be added to the swimming pool fund which is a major project of the Alumnae Association.

There Was Gold in the Air At Junior League Benefit

By MARIE MONAHAN

OVER A THOUSAND thronged the Claremont last Saturday night for there was Gold in "them thar rooms".

More of a Gold Rush than a Gold Rush, the prospecting partygoers found "Daze of Gold" the posh Junior League benefit, a regular Bonanza!

And judging from the fashions, all is not GOLD that glitters. The crowd was kaleidoscopic in color, a glittering gathering in vibrant hues of red, pinks, violets, blues and greens.

Promptly at 8 p.m. in the well-filled lobby, a fashion showing of Joseph Magnin modes got under way, sparked by pretty models mincing down the red-carpeted dais to the giddy comment of Paul Speegle. And more than one League mannequin mustered her poise for his expected extemporaneous prose and puns.

On the promenade, Cynthia Stampey of Orinda resplendent in a regal white fox cape over a white chiffon . . . Sally Peterson of Danville sallying forth in a harem skirted green chiffon, she stopping to chat briefly with husband George and Alamo guests Tom and Billie Long and Michael and Dorothy Cunningham . . . the latter's dress of champagne lace.

The Jack Eymans of Lafayette in a gay group, Marian's cowl-collared delft blue dress matched with satin pumps. . . With them were the Murray Johnsons of Hidden Valley, the Ernest Hollis of Walnut Creek.

DANCING IN THE Garden room to Ray Hackett's orchestra, the Terence Rings, King Parkers, a glimpse of Mel Nielsen serious about his Samba . . . Bill and Bev Anderson (her Dynasty-dress of aqua-brocade) were with the Ted Sawyers of Lafayette . . . The Al Rubys, Sheldan Cooks enjoying a dance between courses.

Taking buffet together were the Donald Prieves, Mary Lou with her leg in a cast due to a snow mishap, Ginnie and the Robert Cuenins, Ginnie lending a hand in the models' dressing room earlier . . . Deacon and Louise Hargrove whirling by, he champagne brocade mink-trimmed, Garden Room tables centered with gold plated fans, a gilt-gloved hand holding strands of gold beads, the decor the doing of Orinda Libbie Beardsley.

THE CHOICEST Nugget being the follies, Vive La Theatre, staged in the Gold Room . . . Here, the Robert Angells of Orinda with Bobbie and Ed Sanford of Lafayette. The Harry Aglers being bid goodbye by a score of friends. They move to Fresno next week. Phyllis fetching in an ice-blue chiffon. Ed and Cis Welch of Happy Valley finding their seats, the Nathan Grays in a group, Mary's dressy shirtwaist in beige chiffon . . . Mardie and Ned Robinson, the Bill Seifers with the Kerry Keresseys . . . Tall Nancy Longacre in red, the Larry Corbetts.

On with the show! The opening song soloed by Orindan Bruce Howard . . . A bevy of showgirls in this number included Beverly Sweet, Caroline Havre, Sis Larkin, Bea Hoover.

Charles Reid of Orinda as the plaid-coated Press Agent in an interview with the Stars, like pert Jeanne Angell as SoPacific sailor-suited Mar yMartin, Emmamarie Reid as Kate Smith. A wave of applause for Cynthia Stampey as a fluffy-wigged flighty Marilyn Monroe, the "stars" mouthing their songs as records were played backstage. Carolyn Guy's "Houn Dog" mit guitar and gyrations getting a wild hand!

Brad Heard as Somerset Maugham on the Sadie Thompson set, Dana Leavitt teamed with Dee Knowland at the mike for a My Fair Lady medley, Jack & Rene Dana doing a record number of costume changes as were the William Platts, Warren Yagers . . . The William Channells, Stephen Jones, A. C. Rawsons, William Sayer Snooks catching their breath between bouncy stage routines . . . A tribute to angel "Trader Vic" with a "Bali Hai" song, Rett-White Motors and Hills Brothers among the sponsors.

THAT FAVORITE funny "Flings" number was appropriately sung by the Sustaining (over 40) members. A precision Rockette chorus line concluded the rousing review danced to the tune of Seventy-Six trombones after which the entire cast came out for a bit of ad lib and he gifting of a gold whistle and sporty plaid vest to director Howard Miller.

IT was a 24-carat capering, a Pure Gold Party!

MAKING PLANS for Orinda Tanager Unit of the Mt. Diablo Therapy Center "Trade Fair" to be held Saturday, April 11, are left to right Mesdames Mesdames Thomas C. Peek, Howard Preece, D. F. Swanson and Gerald Clark. Event will feature sale of children's clothing. —Sun photo by Mattson

Camellia Show Will be Held in Walnut Creek

Inaugurating Camellia Week in Contra Costa County, the Northern California Camellia Society, in conjunction with garden clubs of this region, will stage a mammoth camellia show on Saturday and Sunday, March 14 and 15.

"THE SHOW has outgrown the festival hall," states Walter Peterson, president. This year the show will be held at 1800 Carmel Drive, Walnut Creek.

Most top awards in this statewide show have been won by Contra Costa growers and a repeat is expected.

The overall show is designed by Robert Graves, Walnut Creek landscape architect. 200 members of the Northern California Camellia society will stage the show which will be educational as well as spectacular. In the individual and group bloom display, over 400 varieties can be seen, many new rare hybrids for first time. Ten trophy cups, hundreds of ribbons and special merit certificates from the American Camellia Society will be awarded. Last year and in many past shows, some of the top awards were taken by amateur non-members of the Camellia society, so everyone is urged to

Bluebirds Plan Window Displays

Birthday Week plans are under way, with Viola Connes, 41 Adiak Court, Walnut Creek as chairman. For the window displays each Bluebird and Camp Fire group is to submit a jumbo size photograph of the group engaged in an activity, and one craft item that the group has made.

O-Ki-Ci-Ma-Chick Camp Fire girls recently had a cooking lesson, at the home of their leader Carol Copeland.

Helping to cook a complete dinner were Susan Cifranic, Susan Copeland, Jackie Parks, Carolyn Lloyd, Sandy Packman, Kathy Smith, Kathleen McDonald, Yolanda Lifschutz, Margaret Ann Yelliek, Beth Weil, Cynthia Osmer.

The menu prepared by the girls, with the help of Mrs. Lifschutz, Mrs. Smith, and Mrs. Parks, was porcupine meat balls, baked potatoes, vegetable salad, jelly muffins, gingerbread and milk.

After the dinner, three year honor awards were presented to Susan Copeland, Jackie Parks, Carolyn Lloyd, Sandy Packman and Yolanda Lifschutz.

Queen Bluebirds, under the leadership of Viola Connes, enjoyed making dish gardens at their last meeting.

In their past meetings they

have worked on ceramic dishes in the shape of bluebirds.

These girls are Andrea Connes, Cathryn Mayes, Vicki Hunt, Claudia Newton, Debra Neiger, Mitzi Peck, Alicia Silva, and Ann Tetherow.

Horsemen Set For Dinner at Nick's Place

STATE-WIDE MEET of the Horsemen's association is slated Saturday at 7 p.m. at Nick's Place in Martinez. Bob Running will serve as chairman for the gathering at the Italian dinner house.

NICK AND TINA Pagnini are also getting ready for next Saturday's big Jaycee meet at their Escobar street restaurant. For mer Governor Knight will be the principal speaker. Jaycee groups from throughout the county will be represented.

CHICKEN MANOR, the new and popular chicken dinner specialty dining house, has decided to keep the doors closed Tuesday. Diners are welcome to drop in for breakfast, luncheon and evening dinners any other day of the week. Phone orders for "have flavor will travel" specialties are welcome also.

PAUL PAGNINI, one of Contra Costa county's oldest and best known restaurateurs, has modernized his "Paul's of Martinez" with addition of a piano bar. The piano bar went into action last Saturday evening with approval of a large clientele.

NORMAN ROUNDER of Port Chicago presides over the piano bar with a full repertoire of popular and semi-classical numbers. Emphasis is on the "singable" tunes.

LAST MONDAY night Paul's entertained more than 200 Contra Costa horsemen and members of the sheriff's posse. The posse's annual dinner event was arranged by ex-sheriff John A. Miller.

A GROUP of 60 Shell Oil company executives and office employees were entertained at a banquet at Paul's. The occasion honored retirement of Charles Harvey.

KOPPER KETTLE KITCHEN is bustling again with the "terrific cooking" activities of that popular cook, Marian Parker, formerly with the Blacksheep restaurant in Berkeley. Marian is back creating those delicious kitchen aromas after a siege of illness. She's whipping up those appetizing family dinners for diners at Orinda Crossroads restaurant.

DON DICKERMAN, specialist in artistic diversion and nationally known artist and restaurateur is in Lafayette. He's stepped into the Happy Valley Inn on Mt. Diablo Boulevard with plans to "put new life in the old horse."

IRVING MOORE, former owner of the Orinda Willows, and Joe Johansen, owner of the Happy Valley Inn, are working with Don to effect a completely new switch on the old fashioned floor show niteries. They plan to install at least 17 different "party atmospheres." They include every possible way of interesting and amusing diners and cocktail guests.

"Everything will be done in the best taste and will by-pass the higher prices so often associated with paid entertainment niteries," Don says.

"JUST TO GIVE you a slight hint of what we're working on now, we are setting up a County Fair Room, Spook Hall, Cave-Man's Club, Pirate's Den, Serenade Garden, Silly Game Room, and an Artist's Studio Reception Room among other entertaining and amusing features," Don said.

DICKERMAN who maintains a home in the artist colony community of Laguna Beach in Southern California, has created, built, decorated and operated 16 famous niteries. His colorful and artistic atmospheres have brought him recognition as a successful artist and restaurateur.

Mrs. Lusher Has Biggest Class Ad

Mrs. F. D. Lusher of 162 Canon Drive, Orinda, placed 25 separate items in her Sun classified "misc. for sale" advertisement, and won a \$10 prize. Her ad had the most items in "misc. for sale" since the Sun contest began last month. Runner-ups were Mrs. R. Wiggins of 51 Weller Court, Walnut Creek, and Mrs. Phillip Ross of 2056 Stewart Avenue, Walnut Creek. They will each receive a free one-year subscription to the Walnut Creek Sun. Mrs. Ross is already a subscriber, so her subscription will be extended for one year. All three ladies told The Sun that they got wonderful results from their "misc. for sale" ads, and in each case all but one or two items were sold. Jean Scott, Sun classified ad manager said, "Whether they win a prize or not, Sun classified customers are almost always happy, when the phone begins to jingle. The response from the entire central county is tremendous, due to our wide coverage." A classified ad appears in the Sun Shopping News on Wednesday, the Walnut Creek Sun, Lafayette Sun, Pleasant Hill Sun and Orinda Sun, and the Sun Shopping News on Sunday, all at a low price.

Free-Flight Model Plane Tests Draw Local Interest

By M. E. GWYNNE

Many of you have undoubtedly seen control-line model airplane meets. Have you ever seen a "free flight" contest, of the type which interests members of the Diablo Flyers, a local group?

A free-flight airplane is a silk or paper-covered model of a specified minimum weight, engine power, and size, which is released with no more than a 20-second engine run and allowed to drift and sail free with thermals until it either:

- (1) lands by predetermined setting of dethermalizer.
- (2) FLIES TOO close to the ground and lands (or crashes).
- (3) flies out of the sight of the official timer.

The goal of each entrant in a "FF" contest is to fly his airplane in three 5-minute flights, making a total of 15 minutes for three flights (maximum official time).

Dethermalization, as stated in No. 1, is achieved by a DT-timer which is set for the desired time of flight. When the time it up, the timer releases a rubber band allowing the tail to move out of position.

THE MODEL slowly drifts straight down, due to the lack of lift because of the interruption by the DT-timer.

Each person flying his airplane has taken many pains to trim it out in trial flights of shorter duration than contest maximums, to see that it is flying properly without stalls, overrun of engine, etc.

Trimming consists of adding weight on one end or the other to insure the plane will give the desired performance.

Mather Air Force Base, near Sacramento, was the scene of competition.

considerable activity of this sort Sunday, when members from The Diablo Flyers, attended a Northern California Free Flight Council Contest there.

ATTENDING were Jerry Rocha, Roger Fairfield, Bill Torpey, Charles ("Chris") Critch, Ed Cadwell, Don Foote, Don Gwynne, Bud Romak, and Ted Bieber.

In a flying contest, each plane is entered in its own class, determined by weight, size, and engine power limitations; as classes 1/2A, A, B, and C. There were 66 entrants in all classes at the Mather Field contest, and Jerry Rocha, 19, attained the highest time for the day in all classes (15 minutes in 3 flights), and won first place in Class A, and Senior High-Time competition.

Jerry was especially proud of his achievement, as his plane was 12 ounces or more heavier than all other entries in the contest.

Charles Critch came in first place in Class 1/2A with 13 min 20 sec, Ted Bieber was second place in Class B, and Bud Romak took third place in Class C.

TROPHIES AND prizes were awarded at the close of the contest at 4 p.m.

The next free-flight contest will be held at the same field (turn-off not far from Power Inn Road, Sacramento, and well-marked) on April 12 from 8:30 a.m. to 3:30 p.m. Spectators are welcome. Bring the family for a picnic and enjoy the fun.

Cha-Cha, Mamb Classes Offered By Berkeley 'Y'

The Spring South American Dance Classes at the Berkeley YMCA open on Monday, March 9 with Jean O'Connor instructing the Cha-cha, swing and mambo, basic and intermediate steps, from 7:30 p.m. to 8:30 p.m., followed by the tango, rumba and samba "advance steps" from 8:30 p.m. to 9:30 p.m. Both classes are open to men and women either as singles or couples.

The number of persons in each class is limited and advance registration is required. This may be made at the YMCA any time during the day or evening. The courses are for eight weeks, held weekly on Monday nights. A small fee is charged for the course.

Those who register late will be asked to wait until the next course opens.

For further information contact Mrs. Ruth DeKay at the YMCA located at 2001 Allston Way, Berkeley.

It is now being distributed to low-lying areas of the county.

In his introduction to the bulletin Perry said, "It's your home—this county has experienced two major floods in the past five years. Nearly yearly we are faced by minor flooding in some of the low lying areas."

"THE DAMAGE caused by water is not only costly to those directly affected, but also to each and every individual in the county through increased taxation to cover the costs of the governmental forces and materials used in the flood fight."

"We hope that this bulletin will serve two purposes: first to indicate to the public methods by which they can efficiently protect their property, and second, to stimulate public action toward self-help in order to economize on the over-all governmental costs during flooding."

"A wooden baffle, as described herein, will not only better protect your doorway, but will cost only one-tenth as much as would sandbags during the flood itself."

"It is imperative that you prepare now — today — before the

danger arrives. The cost is low, the skill required is slight, the personal time necessary is short. "LET'S WORK together—Let's do it ourselves."

The 10 page booklet contains five pages of diagrams showing flood protection measures which homeowners and businesses should take before flood conditions arise.

Distribution is being made to parts of Gregory Gardens and Pleasant Hill Manor through Frank Salfingere of the Pleasant Hill Civic Council and the Boy Scouts.

The Junior Women's Clubs, of which Mrs. Jane Pratt of Walnut Creek is State Civil Defense Chairman, have agreed to see to the distribution of the brochure in parts of Walnut Creek, Sherman Acres, Brentwood, Knightsen and Oakley.

Persons living in a possible flood area who has not received this "Do It Yourself" bulletin within two weeks may contact the County Civil Defense Office, 2130 Arnold Highway, Martinez, phone ACademy 8-5000 or YELLOWstone 5-5042, and a copy will be mailed.

County Prep Nines Hit Diamonds

Dons-Pleasant Hill Tied In 3-3 Horsehide Match

The Acalanes Dons and the Pleasant Hill Rams opened the 1959 prep baseball season Tuesday afternoon when they wound up in an extra inning 3-3 tie in a game played at the Lafayette field.

The game was well played for a season opener and was called due to darkness.

ACALANES SCORED in the third inning when one down Bob Marelo doubled and Bob Gilham drove him in with a sharp single over second.

The Rams made it one all in the top of the sixth when Mike Slusher got on when hit by a pitched ball and later with two down was advanced to second as Bill Chappel was hit by a pitched ball too.

Slusher scored from second when Dave Shepherd got his first of two hits with a single.

It was 1-1 at the end of the regulation seven and it looked like the Rams came in to end it all in the top of the eighth when

Chappel was hit by another pitched ball and scored on Shepherd's triple to deep center with Shepherd scoring seconds later as the Dons booted the ball on the ensuing play on a grounder off the bat of Don Damerl.

THE DONS came back in the bottom of the eighth when with one down Gilham singled and with two away, Gary Harman was on via an error.

Both runners advanced on a passed ball and when Jim Holden drove a line drive to right field with a one and one count on him, the old ball game was knotted up 3-3 when Gilham and Harman raced home.

The rally and the game ended when the next batter Lou Pejovich grounded out third to first.

THE DONS out hit the visitors 5-4. Acalanes had two errors to two for the visitors.

The Ram's Shepherd with two for four and the Dons' Gilham with two for three paced their respective clubs in the hit department.

License Stamps For Collectors Offered by F&G

Stamp collectors will have an opportunity to obtain the first issue (1958) of California License Stamps at a reduced fee.

The decision to offer these expired stamps for sale was made after the Department of Fish and Game received requests from stamp collectors.

The regular fee is \$1 per stamp during the license year but collectors may purchase a sheet of five stamps for \$1 after they have expired.

The stamps have a picture of the California Golden Trout on the face. Stamps must be purchased in sheets.

Highlanders Run Well vs Lorenzo

The Piedmont Highlanders held their first track meet Friday and gave a good account of themselves in losing to San Lorenzo 62½-50½.

The Piedmont team not at full strength with basketball just over and three candidates ineligible showed good all around balance and had the day's top performance when Kevin Hogan fresh out of the hoop game toured the 880 yard event in good time of 2:01.2 which stamps him among, if not, the Bay Area's best.

Meet Some Fine People: Glines, Callen & Callow

By ERWIN MATTSON

The Foothill Division Basketball season really produced a top basketball race when three teams Acalanes, Las Lomas and Miramonte wound up in a three way tie for varsity honors.

The Bee race found San Ramon and Acalanes tied for first with each club losing five as they posted a 7-5 record.

THE PRINCIPALS and coaches met Monday to decide how to settle the varsity title as the winner goes to the Tournament of Champions.

It was decided to hold a play off on San Ramon High's courts which was both neutral and has the best seating capacity.

A toss of the coin gave Acalanes the bye and as a result Las Lomas defeated Miramonte Tuesday afternoon 46-30.

Acalanes and Las Lomas were to play the finale last night too late to report the outcome at this writing.

The decision to hold the playoff was good in the writer's prejudiced opinion in several ways.

IT DEFINITELY determines the championship and gives no argument as to who goes to the tournament.

Secondly, it gives many a chance to see the teams in action in an adequate sized gym—adults in particular who are interested in the teams involved.

Then it provides a source of revenue which despite what anyone may say has an importance in this day of the devaluated dollar and that applies to school funds, whether district or student body.

AS TO WINNERS and losers you had better learn to be a good one both ways because that's a part of life.

Defeat should whet the appetite for an even greater desire to win in the future and winning should give a sense of just accomplishment.

In the end everyone benefits. There is one thing certain in my mind and that is that there isn't a better combination of three basketball coaches in any prep league hereabouts.

Bob Callen of Miramonte, Merrill Callow of Las Lomas and Dan Glines of Acalanes all know their business and are hard workers each of whom deserves commendation for a job well done.

I HAVE KNOWN all three for some time and in my book there are none better.

The area and the kids playing are fortunate to have them and I, as one, am among those who hope they will be around for a long time to come.

Get to know them, if you don't already—you'll be the richer for it.

A league meet was held at Diablo Valley College Tuesday morning and the agenda was a full one.

The problems are many and often complicated, but the biggest one still remains that of school realignment into divisions.

A COMMITTEE HAS worked at the problem from many sides and came up with several propositions. New schools now and in the future complicate the problem.

A meeting is set for Monday to consider the problems and supposedly vote on league set ups for 1960-61-62.

That's about as far as things can be decided in view of the fast changing picture as far as new schools are concerned.

ONE THING CERTAIN is that no matter what decision is made it will leave some parties unhappy.

The Diablo Valley Athletic League has 18 members now—the newest member being Del Valle, a school opening next fall in the Acalanes High School District.

If you hear a rumble and feel things shake Monday morning, it won't be an earthquake, it's just the league members in a meeting on how to align the schools in division set ups.

Sadie Heath Shoots 483

In the last round at Paddock Bowl, Sadie Heath's 483 series insured Fitzpatrick Chevrolet's league lead of four points by splitting even with Johnson Ant Control whose Gwen Carvalho was high with a 481 series.

Jean Flagg uncorked a 524 series to keep Mac's Shell Service Station in second place by defeating Thomas Accounting for four points. For the losers, Tooty Anderson was high with a 449.

Lil Martinez's 507 series lead her Della Pipa team to a four-point sweep over Pacheco Inn whose Nancy Leonard was high with a 449.

Eleanor Timbrook fired a high 547 series for Ralph's Drugs to sweep all four points from Diablo Bowling Supply. Dodie Johnson bowled a 538 for the losers.

Ram's Foulk Wins Discus, High Jump, Broad Jump, Shot Put, Sets Marks

The Pleasant Hill Rams and the Clayton Valley Eagles opened the track season with a rally meet held at the Pleasant Hill oval last Friday afternoon.

The meet, held on the combined totals of four entries in each event, found the Rams dominating the meet, winning 11 of 12 class A events and all 12 of the Bee contests.

CLAYTON VALLEY'S lone win came in the three mile race in which Norman and Robert Cooper teamed up with Mel Heaps and Art Heinman to win in stopping the clocks at 14:05.7.

Outstanding varsity performers for Bob McGuire's Rams were Roger Foulk who ran the first leg of a 1:37, 88 yard relay; tossed the discus 130' 1" (new school mark); high jumped 5' 2"; broad jumped 19' 1" and broke another school mark when he tossed the shot 48' 2".

ANOTHER RAM School record was set when the 440 yard relay team composed of Tom Webb, Sid Quick, Joe McFarland and Pete Jacobsen toured the distance in 45 seconds flat.

Orinda's Joe Sheaff Tops WCAC Conference Scoring

Santa Clara's Joe Sheaff broke a three week domination among the individual leaders in West Coast Athletic Conference statistics. Sheaff edged Saint Mary's Joe Barry for the field goal percentage leadership.

Sheaff, a come through performer for the Broncos this year, hit on 12 out of 22 shots during two Santa Clara wins last week to move his shooting average up to 48.3 on 42 for 87 and to vault from fourth to first in the shooting derby. Barry dropped into second place and below the 50-percent mark with 7 for 25 during two Gael victories. His season's record is 55 for 120.

While Barry was being knocked out of the lead in his specialty other WCAC pace-setters maintained their positions and COP's Dave Klurman in scoring and Leroy Wright in rebounding appear to have clinched titles. Klurman has a 19.4 scoring average and his 213 markers give him a comfortable lead over LeRoy Doss of Saint Mary's who has 190.

Bobby Blue of Pepperdine had the second best scoring average, 17.8 on 160 points in nine games. Wright has pulled down 230 out of a possible 1102 rebounds for a 20.8 average and is a cinch to defend the board title he won last year as a soph. Larkin Bryant, also of COP, is second with a 14.7 mark.

Jim Russi of Santa Clara still leads in freethrow accuracy out faces stiff competition from USF's Fred LaCour. Russi has a 87-1 mark with 54 for 62 while LaCour hit 10 for 11 during the week to move up to 86.8 percent.

Pepperdine will probably establish two league team records this week. The Waves have scored 776 points and made 301 field goals in 11 league games. USF's 1958 team set records of 803 and 310 in these classifications. COP will add to its new rebounding record. The Tigers have already smashed the old mark of 596 set by last year's Don team.

Whirlwind Final Quarter Throws League Into Lock

The Las Lomas Knights put on a whirlwind final quarter finish last Friday night to keep a packed house on edge as they topped the visiting Miramonte Matadors 43-40.

The game was even closer than the final score indicated as the final basket was made by Clark Ransome for the Knights just as final buzzer sounded.

THE GAME threw the league into a three-way tie for first as Acalanes dumped Piedmont to stay in contention when the top three wound up with a 9-3 record. Both clubs were "tight" the first half as each realized it was a crucial game and Lou Lonian took a scant 7-5 first quarter lead which they maintained at the half with a 16-12 count.

Coach Bob Callan gave the Orinda crew the word at the half time and they came back with a vengeance in the third period with a 15-point outburst that gave them a 27-22 lead and made it appear as if they were on their way to the championship.

THAT DREAM turned into a nightmare, however, for Orinda when Las Lomas whirled back with 21 points in the final quarter with Miramonte getting 13. That changed the tide.

Bob Gomez and Clark Ransome each collected 6 points for the Knights in the fourth quarter with Tom Nichols getting the other 4 points.

The Knights came from behind to tie the score up with 5 minutes to go and from here on it was touch and go.

Las Lomas forged ahead to a four-point lead with 2 minutes, 16 seconds on the clock when Miramonte's Bill Houston intercepted a pass and went down court to narrow the gap to 38-36.

LOMAS WENT ahead 40-38 when Bob Gomez hit a pair of free throws and then the Matadors made it 40-40 on John Coffey's shot from eight feet out.

Seconds later another free throw by Tom Nichols put the Knights in front 41-40 and when the Miramonte team lost possession after a shot attempt, a long pass down court to Ransome enabled him to go for a layup just as time ran out.

MIRAMONTE had an edge in rebounds and field goals but fell short in the free throw department and when it counted most in the final score.

Coffey took 18 rebounds to give Miramonte a 38-23 advantage in that department and in field goals it was Miramonte again with 16 for 49 to 14 for 34.

The game was won at the free throw line when the Knights made 15 count on 24 tries while Miramonte hit for 8 on 12 tries.

The Matadors had the top three scorers in Coffey with 12, Bill Houston with 11 and Remely Young with 11.

CLARK RANSOME and Bob Gomez topped Las Lomas with 10 apiece.

Doug Hudson headed the Miramonte scorers with 13 points.

Knights Dump Miramonte In Foothill Hoop Finals

The Las Lomas Knights defeated the Miramonte Matadors in a close down to the wire finish Friday night winning 43-30 to throw the league into a three way tie when the Acalanes Dons rapped Piedmont's Highlanders and all three clubs wound up with nine wins and three losses.

In the first playoff game between the Knights and the Matadors it was close only in the beginning as the Knights rolled to a convincing 46-30 win.

THE GAME, played at the neutral San Ramon Court Tuesday afternoon, found the Knights taking a 11-7 first quarter lead paced by Bob Gomez who hit three field goals in the opening quarter.

The Matadors really folded their tent in the second quarter when they scored but two points on lone free throws by Floyd Blaney and Randy Young.

The Knights scored nine points and made it 20-9 at the half. In the third quarter the Matadors did pick up a point out scoring the Walnut Creek team 11-10, but in the final canto the Knights rose up and scored 16 points to Miramonte's 10.

THE KNIGHTS really stayed in front in the fourth quarter when they meshed 8 of 11 free throws while hitting for four field goals with Gomez hitting two of them. Dick Dodge for Las Lomas and John Coffey for Miramonte each captured 20 rebounds but as a team the Knights outdid the Matadors 64-42 which gave ball control and with it went the game.

Miramonte was definitely "cold" from the floor hitting out but nine of 65 shots while Las Lomas netted 16-48.

THE MATADORS had 12 for 20

on the free throw line to Walnut Creek's 14-22. Individual scoring honors went to Gomez of Las Lomas with 11. The Knights Dick Dodge had 10 to be the only other player in double digits.

Miramonte's John Coffey with nine was matched by Clark Ransome who had a like amount for Las Lomas.

Now is Time To Claim Tax Exemption

C. L. Dunklee, assessor of Contra Costa County, reminded veterans that the period for claiming the \$1000 property tax exemption extends from the first Monday in March to the last Monday of May.

Veterans who are filing their exemption in Contra Costa County for the first time must appear at the County Assessor's office in person bringing with them their discharge papers and the recorded instrument giving the description of the property on which they wish to file.

To qualify for this exemption, the property on which they are filing must have been recorded at the County Recorder's office on or before March 2, 1958.

The Statutes of California provide that veterans who are residents of California and who have

served in the armed services during time of war or on certain military campaigns may be entitled to a tax exemption on \$1000 of the assessed valuation of their property in California.

In addition, there are special provisions which apply to certain paraplegic veterans and the widow, widowed mother or the pensioned mother and father of veterans.

Those veterans who filed last year should have received an application for their exemption through the mail for this year.

These forms should be completed in FULL and returned to this office as soon as possible. If the form has not been received, be sure to contact the Assessor's office to obtain one.

The law stipulates that the exemption shall not apply to any veteran owning property with a

valuation of \$5000 or more in the case of community property, if the value exceeds \$10,000.

For the purpose of determining eligibility, assessed values are used when applicable.

Swanson, Brussels griffon; Mr. and Mrs. Robert Mark German shepherd; Mr. and Mrs. Don Schultz, German shepherd; Jacquie Hutchinson, Afghan hound; Mr. and Mrs. N. L. Brown, Norwegian elkhound and Alfred H. Cooper, Norwegian elkhound. Mr. Albert Wahl of Echo Springs Road, Lafayette, noted canine authority will be judge of the Novice A and Novice B classes.

Norseman Show Will Feature Student Awards

The students at Diablo Valley College in Concord have begun work on the Norseman show for 1959.

At a combination awards and variety show the 12 top students will be given awards to recognize their outstanding achievements in

scholastic and service areas. Awards will be given in humanities, social science, student government, journalism, business,

math, student activities, athletics, drama, language, music, and natural science.

The mascot of the school is the Viking; so instead of giving "Oscars" as is done in the Academy Awards, "Norsemen" are presented to the 12 students.

Many students from this area are on the production staff including Frank Dwinell, Pleasant Hill, director; Chuck Dwinell, Pleasant Hill, assistant director; Mike Edminster of Walnut Creek, producer; Becky Harris of Orinda, publicity manager.

Training Program For Volunteers Starts at Center

Anatolijs Michalovskis, of the
University of California School of
Public Health, is developing a
Volunteers Training Project for
the Contra Costa Tuberculosis
and Health Association as part of
his graduate school work, accord-
ing to Mrs. Edith Tucker, ex-
ecutive director of the associa-
tion.

Michalovskis' project will be
completed in the form of a guide
to be used by the TB Association
for present and prospective
volunteers. The completed project
will be a program to better in-
form the volunteers of the TB
problem in our county, and of the
work of the TB and Health
Association in combating this dis-
ease. This past year, 928 volun-
teers have participated in the
year round work of the TB Asso-
ciation.

"We are very pleased to co-
operate with the University of
California School of Public Health
in having Michalovskis work with
us during his spring semester,"
said Mrs. Tucker. "He will be in
the association's offices in Pleas-
ant Hill one day a week."

Working with Michalovskis this
week were Mrs. Russell Rich,
Soroptimist Club of Pleasant Hill,
and Mrs. Francis Murphy of
Walnut Creek, County Volunteer
Chairman.

Alamo Brownies Greet Members Of Troop 333

Alamo Brownie Scouts enjoyed
an afternoon of International
Friendship recently at the home
of Mrs. C. Bacigalupi of 910
Escandido Court.

Troop 171, and the leader, Mrs.
Kenneth Street, were hostesses to
Brownie Troop 333 and the lead-
er, Mrs. Nils Kahnberg.

Carrying out the theme of In-
ternational Friendship, the girls
all came in costumes of other
countries and brought their dolls,
also in foreign costume, for dis-
play.

Flag posters, made by the
Brownies, were used for decoration.

A special object of interest
was the scrap book made by
Troop 171 depicting the lives of
children in other countries. Slides
of life in Korea were shown by
Rev. Herbert C. Hirschfeld.

The hostess Troop 171 is made
up of the following Brownies:
Ann Williams, Trudy Watley,
Patty Erickson, Cathy Hirsch-
feld, Terry Bailey, Gale Lauer,
Nancy Bacigalupi, Marty Kirk,
Christine Street, Patty Morgan,
Debbie Chapman, Annette Ste-
vens and Julie Adams.

Local Exchange Student Sought

One big drive by Las Lomas High students to raise money for the Foreign Exchange students will be held Thursday evening from 7 to 9 p.m.

The students will canvass house to house in Walnut Creek, asking for donations to the American Field Service program.

The American Field Service sponsors both Las Lomas students going abroad and a foreign student here.

In the past, the parents of a Las Lomas student going abroad have had to pay all expenses for the student.

Las Lomas hopes to collect enough money so local students can be sent abroad on a personality and scholarship basis, whether the family can afford it or not.

"Our student going to a foreign country can tell about his life in America and can contribute to our knowledge of other countries and customs when he returns," according to Mrs. E. W. Hill.

Be sure and give your baby sitter the name of someone nearby to contact in case of emergency. Be sure and leave the telephone number of a police agency, fire department

Tanager Unit Plans 'Fair' Next Month

The Orinda Tanager Unit of the Mt. Diablo Therapy Center held its February meeting at the home of Mrs. Richard Leland. Refreshments were served prior to the meeting by co-hostesses Mesdames J. Rockwell Smith, William Cary and James Lindsay.

The February meeting is traditionally guest night and President Lois Staff welcomed Mrs. Phillip Fields who attended as the guest of Mrs. John Pearson; Mrs. Gordon Smith, the guest of Mrs. Elbert Wayne; and Mrs. Joseph Eldridge, the guest of Mrs. Carl Dudley.

Mrs. Ernest Starkman, chairman of the bridge-luncheon said that plans were progressing nicely for the affair. There are still a few reservations available. Further information may be had by calling Mrs. Henry Harris at CL 4-2460.

Plans are under way for a "Trade Fair" to be held on Saturday, April 11. Mrs. Carl Rasmussen, chairman of the "Fair" stated that it will feature "good" used children's clothing.

Mrs. Charles L. Smith announced anyone wishing to place magazine subscriptions, either new or renewals may do so by contacting her at CL 4-2086. The Therapy Center benefits by subscriptions placed through the Tanagers.

Orindans Hear Frances Groves In Verdi Opera

Last Saturday a contingent of about 25 music lovers drove to Stockton from Orinda and Piedmont to hear Frances Groves sing the role of Amneris in Verdi's "Aida" presented jointly by the College of the Pacific, Stockton College, and the Stockton Choral. This is the role for which Miss Groves received outstanding ac-

claim in the opera houses of Kiel and Heidelberg, Germany, before her return home two years ago. Miss Groves is the daughter of Dr. and Mrs. Murray Groves of Camino Encinas and the wife of Edward Franklin Perry of Stockton who frequently acts as her accompanist. She was the winner of this season's San Francisco opera auditions and has just recently won, for the second year in succession, the West Coast try-outs.

Trained Dogs Will Compete

The Mt. Diablo Dog Training Club's 12th Annual Obedience Trials will be held outdoors at the Walnut Creek city park, beginning at 9 a.m., April 26.

A Judges dinner for club members will be held in the evening. The show, open to spectators, admission free, will have an entry list of 250 obedience trained dogs, according to Mrs. Tom "Pat" Brown, Obedience Trial chairman.

Club President Charles Nelson has initiated a new type of competitive training experience by arranging for Challenge Matches between other local dog training clubs and the Mt. Diablo Dog Training Club.

The first match was held January 31 at the Walnut Creek City Park. The St. Francis Club of San Francisco accepted the "challenge" with 1½ entries. This club proved stiff competition for Mt. Diablo entries.

However, Ole, a wire-hair terrier, with Anita Bartz-Johannesen handling was proclaimed highest scoring dog for the Mt. Diablo Club with 199½ out of a possible 200 points, showing in Open B.

Betty Hooper took her poodle, Beau, into the Open B ring for 4th place with a score of 197, and Pamela Russell and her German shepherd, Eric, earned 195½ points and a 3rd place ribbon in Novice A class.

Other club ribbon winners were Bosco, the Boxer, with Esther Baldwin handling, scoring 197 for first place in Open A.

Manage Skill Needed by Home Builders

"Home builders of the United States must recognize the need for increased managerial capacity, and exercise greater managerial skill if they are to meet the minimum shelter requirements of the Nation for the next twenty years", George Concannon, president of the General Contractors Association of Contra Costa County said.

The next general membership meeting of the Association will be held at 7:30 p.m. on Thursday at the El Nido in Lafayette.

"One out of five successful homebuilders is deficient in his handling of the functions of business management and this lack of sound management practice is a principal cause of business failure", Concannon added.

A film entitled "A Blueprint For Profit" has been produced by the United States Gypsum Company in cooperation with the Business Management Committee of the National Association of Home Builders. It will be shown Thursday.
